ISTANBUL - September 10, 2014 - Mobile gaming studio Gram Games is proud to announce their new game 1010!, it's a new free-to-play puzzle game for iPad, iPhone, iPod touch and Android devices.

1010! is a simple, addictive, endless, easy to learn and fun to master puzzle game for all ages.

Removing lines of blocks never been more fun. 1010! promises a simplistic gameplay that does not depend on complex elements like time limitations, speed ups or blocking pieces that you need to crack 10 times. Just drop blocks to create and destroy full lines on the screen both vertically and horizontally. 1010! promises a unique gameplay each time you play with its randomly generated blocks. You will face your own challenges while going for high scores.

1010! has social features that encourages players to best each others' score and showoff via the share score feature.

1010! is available for free from the App Store on iPhone, iPad and iPod Touch or at "<https://itunes.apple.com/us/app/1010/id911793120?ls=1&mt=8>" and "<https://play.google.com/store/apps/details?id=com.gramgames.tenten>" from Google Play.
